

Contents:

- 1 insert pad
- 1 outer file cabinet shell

1 Please gently pre-fold all creases and perforations to avoid damaging file cabinet.

Instructions:

1. Gently pre-fold all double scores and perforations on outer shell and pads.
2. Make sure that the glue seam on the inside of the shell is at the bottom - on the table.
3. Fold **A** flaps in toward each other, 90°.
4. Fold flap **B** over **A** flaps.
5. Fold flap **C** over flap **B**, and insert tab **X** into slot.
6. Insert tab **Y** into slot.
7. Fold scored insert as shown.
8. Insert folded pad into the front of the file cabinet. Make sure double wall thickness goes to the back of the cabinet.
9. Fold **D** flaps into the box.
10. Gently fold flap **E** in, then flap **F**.
11. Insert boxes:
XLP65 record boxes into XFCLP with lid.
