

### Contents:

- 1 box
- 2 columns (A & B)
- 3 dividers
- 1 lid

**1 Please gently pre-fold all creases and perforations before assembly.**

### Instructions:

1. Do not assemble box without first pre-folding all scores and perforations. Gently pre-fold double scores with 2 hands.
2. Set box flat on surface, white side down. Line up columns so that the cut-out arches in the columns align with the arches on the box.
3. Assemble 2 dividers (C) into the arches on column A, and place into the slots at line 2.
4. Fold flap D up and over the divider flaps, and snap into the slots at line 1. Fold corner flaps in.
5. Fold sidewalls E up 90°, then fold flaps F into the box, and snap into the slot.
6. Assemble 1 divider (C) into the arch on column B, and place into the slots at line 3.
7. Fold flaps G over the column flaps, and snap into slots.
8. Fold corner flaps in, then fold flap H up and over the divider flaps, and snap into the slots at line 4.
9. Fold flaps J over the column flaps, and snap into slots.
10. Lid: pre-fold, then assemble as shown below.
